

Help Needed

Share and Care have been helping people for over 17 years by providing transport taking people to hospital, visiting relatives and friends in hospital, taking people shopping and visiting friends. They also collect prescriptions and deliver medicines in and around various locations. So in East and West Lulworth, Winfrith Newburgh, Wool, Coombe Keynes and East Burton together with Bovington, East Stoke and the Chaldons they provide a really useful service. Drivers are paid 40pence per mile with a minimum charge of £1.50 but if you are on benefits this may be waived, but let **Share and Care** know first.

Share and Care is a really good friend to lots of people and they need some help

Can you spare some time to help provide some support for this local organisation?

What are needed are drivers to take people around and about. Also volunteers to take phone calls from people who would like assistance with transport.

Please phone **Bridget** with any offers of help or suggestions on **01929 463835**

Thank you

Patricia
